Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

There were fewer than 3 recent sales of sufficiently comparable residential properties that have occurred within the relevant market area. Available sales were considered but were not regarded as reliable comparables due to material differences in location, land size, accommodation, condition, improvements and/or other key property characteristics.
