Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

Following a review of recent sales in the surrounding area, no suitable comparable properties have been identified within the required six-month period. Due to the property's condition, land value considerations and limited availability of properties with similar characteristics, the sales within the past six months do not provide an appropriate basis for comparison. Accordingly, comparable sales from the preceding 12–18 months have been selected as they are considered more relevant in terms of land size, location and overall property characteristics. These sales have been used to
