Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

There have been no recent sales within the immediate area that are directly comparable in terms of land size, dwelling size and location. The most recent relevant sale within a 2km radius has been included for reference. However, given the property's position in one of Dandenong's most prestigious residential pockets, combined with its substantial land size and generous proportions, finding truly comparable properties has been particularly challenging.
