Property Price Statement – Instructions

Multiple residential properties (units) of a single type or class located outside the Melbourne metropolitan area

This instruction sheet does not form part of this Property Price Statement and is not required to be included in the completed Property Price Statement for the property being offered for sale.

The Director of Consumer Affairs Victoria has approved this form of the Property Price Statement for section 47AF of the *Estate Agents Act 1980*.

The estate agent or agent's representative engaged to sell the property is required to prepare this Property Price Statement. It can be used when **multiple units of a single unit type or class in a residential development located outside the Melbourne metropolitan area** are being offered for sale at the same time. This form only covers a single (i.e. the same) type or class of unit, not multiple types or classes.

The Director's determination of the Melbourne metropolitan area is available on the CAV website.

It is recommended that the address of the property being offered for sale be checked at https://www.land.vic.gov.au/property-and-parcel-search before being entered in this Property Price Statement.

Display and access to the Property Price Statement

This Property Price Statement must be:

- prominently displayed on any main advertisement for the property on an internet site, during the period the property is offered for sale, published by or on behalf of the agent or representative;
- displayed at any inspection for the property for sale; and
- provided to a prospective buyer within two business days of a request.

Indicative selling price

This form includes indicative selling price for multiple units that are a single (i.e. the same) type or class (for example, one-bedroom units in a high rise position), rather than an indicative selling price for each individual unit of that type or class.

An indicative selling price may be a single price or a range, where the difference between the upper and lower limit is not more than 10% of the value of the lower limit. These prices must be expressed as dollar amounts and not modified by words or symbols.

The indicative selling price must not be less than:

- the estimated selling price of the property;
- the price in any written offer that the agent or representative knows or could reasonably be expected to know that the seller has rejected because the price was too low; or
- any amount that the seller has advised the agent or representative that they will accept for the property, or any revision to that amount.

If expressed as a range, the lower limit of the range must not be less than the estimated selling price.

Updating the seller's reserve price where property is to be sold by auction or fixed-date sale

If the property is to be sold by auction or fixed-date sale, the agent or representative must request the seller's reserve price for the property. If the agent or representative has received the reserve price, it must be included in this Property Price Statement. This may occur after the Property Price Statement is first published.

The seller's reserve price must also be included in any advertisement for the sale of the property at least 7 days before an auction or fixed date sale. An auction or fixed date sale must not occur if the seller's reserve is not published for the period of 7 days immediately before the day of the auction or fixed-date sale.

Updating the property sale price

Within 7 days after the unconditional sale of the property, the agent or agent's representative must:

- amend the Property Price Statement to include the sale price of the property;
- publish this Property Price Statement on an internet site; and
- make it available to access by any person on that internet site for at least 18 months after the unconditional sale.

The sale price must be included unless the Director of Consumer Affairs Victoria has granted an exemption or an exemption application is yet to be determined.

Property Price Statement

Multiple residential properties (units) of a single type or class located outside the Melbourne metropolitan area

Section 47AF of the *Estate Agents Act 1980*

Date prepared __11_/__11_/_2026

Units offered for sale

Address Including suburb and postcode	69 High Street, Seymour VIC 3660

Key features of the properties

Unit type or class e.g. One bedroom units	**# of bedrooms**	**# of bathrooms**	**# of car spaces (+/- 1)**	**Internal floor space (in m^2) (may be a range)**	**Total land size (in m^2) (may be a range)**
Vacant Land	N/A	N/A	N/A	N/A	5,328m2

Indicative selling prices

For the meaning of *indicative selling price*, see consumer.vic.gov.au/underquoting. An indicative selling price may be a single price or a range of not more than 10% of the value of the lower limit.

Unit type or class e.g. One bedroom units	**Single price**		**Lower price**		**Higher price**
Vacant Land	$1,400,000	or range between	$*	&	$

Seller's reserve price (if property is to be sold by auction or fixed-date sale)

Comparable property sales

Reason there are fewer than three comparable properties for a unit type or class

✓ ☐ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:
[*Insert N/A if there were three comparable properties*]

Due to the substantial landholding, development potential and unique characteristics of the subject property, no sufficiently comparable sales have been identified within the prescribed distance and timeframe.
