Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

The agent believes that fewer than three comparable properties were sold within the relevant period because there have been limited recent sales of properties with a similar configuration and characteristics to the property offered for sale. In particular, the property is a two-on-the-block unit, and there have been very few recent sales of comparable two-unit developments within the relevant area. While there have been sales of units within developments comprising three or more dwellings on the block, these properties are generally subject to owners corporation/body corporate arrangements and therefore have different characteristics, ownership structures and ongoing costs to the property being offered for sale.
