Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

There have been no directly comparable sales within the past six months that accurately reflect the unique nature of 27 Barrow Street, Burnley. The property represents a substantial warehouse conversion, offering a scale, architectural character and style of accommodation that is rarely transacted within the immediate area. While there have been surrounding residential sales during this period, none provide a meaningful like-for-like comparison in terms of the property's warehouse origins, proportions and overall scale. As a result, there are currently no recent sales considered

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
